

At Woven Words, we believe that books and creativity go hand in hand. Our **DIY Craft Nights** are designed to bring the community together through hands-on projects, meaningful connection, and plenty of inspiration. We love collaborating with local artists, makers, and DIYers to offer high-quality, memorable evenings in our bookstore.

What We're Looking For

We host intimate, craft-focused events for up to 14 guests. **If you are a professional maker or crafter, we would love to host you as a featured facilitator!** Here are some of the crafts we would love to have facilitators lead:

- Knitting & Crocheting
- Macrame
- Hand Lettering
- Collage & Junk Journaling
- Flower Arranging & Wreath Making
- Painting, Drawing, & Doodling
- Mini Bookshelves & other creative DIYs

If you have a craft you'd love to teach—whether it's on this list or something brand new—we'd love to hear from you!

How It Works

- **Woven Words handles registration & marketing.** We'll promote the event (and add you as a co-host / featured facilitator), manage sign-ups, and collect payments. We encourage you to share the event on your social pages and e-mail lists, but Woven Words will create the content for you!
- **Revenue split.** Artists receive **65% of total ticket sales**, while Woven Words keeps **35%** as the event host and marketer.
 - Example: 10 guests at \$40 each = \$400 total. Artist earns \$260, Woven Words keeps \$140.
- **Supplies & instruction.** The collaborating artist provides all necessary supplies, tools, and step-by-step guidance for guests.
- **Event support.** A Woven Words staff member will be present to assist with logistics, and the shop will remain open for browsing and book shopping.

Available Times

Craft Events can be scheduled during:

- **Sundays, 3pm or later**
- **Monday evenings (5pm or later)**
- **Saturdays, 5pm or later**

Why Collaborate?

- **Build community.** Share your craft with fellow creatives in a cozy, book-filled space.
- **Grow your audience.** You'll receive the full guest contact list so you can stay connected with participants for future projects.
- **Earn fairly.** With our 65/35 split, your time and expertise are valued.
